ABOUT ME

I am an Informatics student in my 6th semester at Universitas Amikom Yogyakarta, an aspiring UI/UX Designer with a strong aptitude for creating engaging, functional, and intuitive user interfaces. Beyond my solid design capabilities, I am also deeply passionate about product analysis and user research. I am determined to leverage data and user insights to deliver digital solutions that are not only aesthetically pleasing but also significantly impact product experience and business objectives.

WORK EXPERIENCE

UNIVERSITAS AMIKOM YOGYAKARTA

Sleman, Indonesia

Teaching Assistant

March 2025 – Present

Computer Graphics (Informatics)

Graphic Design (Information Systems)

- Provided direct, hands-on support to university students facing challenges in Computer Graphics and Graphic Design practical sessions.
 - Effectively conducted practical sessions in the absence of the lecturer, ensuring continuity of learning and successful completion of lab objectives.
 - Facilitated a productive learning environment by clarifying complex concepts and guiding students through practical exercises, enhancing their understanding and skill development.
 - Demonstrated strong problem-solving and communication skills by troubleshooting technical issues and providing clear, concise instructions to diverse student groups.
-

PT INDOTAICHEN TEXTILE INDUDSTRY

Tangerang, Indonesia

Bleaching Machine Operator

2021 – 2022

- Operated advanced bleaching machinery to transform raw textiles into high-quality, oil-free fabric, consistently adhering to strict Standard Operating Procedures (SOPs).
 - Ensured product quality by meticulously verifying that all processed fabrics met specific quality benchmarks and were free of imperfections.
 - Maximized operational efficiency through real-time monitoring and precise control of the bleaching process, leading to consistent output and quality adherence.
 - Collaborated effectively with the production team to facilitate seamless workflows and proactively resolve any operational challenges during the bleaching cycle.
 - Maintained a compliant and secure work environment by diligently adhering to all established safety protocols and hygiene standards.
-
