SUMMARY

I am a 6th-semester Informatics student with a strong passion for UI/UX design. Enthusiastic about creating intuitive, interactive, and aesthetically pleasing interfaces to enhance user experience. Experienced in user research, wireframing, interactive prototyping, and creating detailed mockups. Proficient in design tools such as Figma, Adobe Illustrator, and Adobe Photoshop, with additional skills in video editing using CapCut and Adobe Premiere. Additionally, I have a basic understanding of coding, which helps me create designs that are not only visually appealing but also feasible for development.
